

VIVA LAS LEGAS!

Come one, come all to the 2005 CALSAGA Annual Conference in Las Vegas! The month of October is just around the corner, which means the conference is fast approaching. You don't want to miss out on this exciting two-day event, taking place Thursday, October 13 and Friday, October 14. If you haven't already, you need to register for this conference as soon as possible!

Why should you come? We have a fantastic lineup of great speakers and presentations, fun activities, and numerous reputable vendors. In addition, this is a great opportunity to network with other individuals in the security industry. By attending the conference, you will be a part of CALSAGA history with elections taking place, the presenting of a very special award, and the official launch of a worthy fund. To top it all off, we have a fantastic venue—The Rio All-Suite Hotel & Casino!

Included in our lineup of guest speakers is Mr. Ray Semko, aka: "The D*I*C*E* Man," who will present the D*I*C*E* Program (Defensive Information to Counter Espionage). His briefing on security awareness, counterintelligence and unclassified threat information is unlike any other briefing you may have experienced. He will give us a look into the world of espionage and terrorism, explaining who the players are, their targets, their methods of operation and, most importantly, how you can protect the classified information you handle.

The theme for this year's conference is: "got database?" This theme is in reference to the CALSAGA online training database. Check out Association Manager Jeff Flint, as he highlights the elements, purpose, and benefits of the database.

The new BSIS Chief, Paul Johnson, and DCA Deputy Director, Steve Giorgi will also be present to give an update on the latest news and policies with the Bureau. Tom Brown of Epstein, Becker & Green will present on labor and employment law. Details of the CALSAGA certification program will be presented by Earle Graham. A political and legislative report will be given by Tony Sabatino and Chris Kahn. There will also be two special sponsor presentations: one on Thursday,

October 13 with Elizabeth Souther Insurance and one on Friday, October 14 with Valiant, Ricci Communications, and Intellum. Be sure to stop by the breakout sessions and receive vital information on security officer training, recruiting and retaining great employees, and how to bid and win government contracts.

There will be different fun and exciting activities going on throughout the two days, and you will want to be a part of them. On Thursday, October 13, there will be a special cocktail reception sponsored by InWest Insurance. Come join us for a night of fun with a purpose, as we launch the "CALSAGA Security Officer Memorial Fund." Donations for the fund will be accepted at the reception, which will go to benefit security officers and their families when a security officer has been severely wounded or killed in the line of duty. Kickoff your Thursday night with complimentary hors d'oeuvres and cocktails and make your contribution to a worthy fund. Also to take place during the conference will be several drawings for great prizes, including a grand prize of a fantastic Olympus C-7000 digital camera, which will be awarded on Friday. You have to be present to win, so make sure your attendance is for both days of the conference!

We have a long list of vendors who will make their mark at this year's conference. All sorts of companies will be present, from insurance brokers and payroll/scheduling systems, to security consulting services and security tracking and monitoring solutions. Take advantage of the exhibit booths, as there will be a wealth of information, products, and services to benefit you and your company. See what these vendors have to offer and pay a visit to each of their booths.

The Annual Conference will provide a wonderful opportunity for

you to make new contacts, renew old acquaintances, and create lasting relationships. Meet with fellow CALSAGA members and other individuals associated with the security industry. As you network with your industry peers, you will have the chance to exchange information, ideas, and experiences.

CALSAGA has come a long way since it was founded. Be a witness and participant to events that will be a part of CALSAGA history. With the Board of Directors Elections taking place, you can do your part to shape the future of CALSAGA. Your vote matters, as you will decide who will be next to lead the association. The results of your voting will be announced on Friday, October 14. For the first time ever, an award for "CALSAGA Security Officer of the Year" will be presented. We are proud to recognize excellence within the private security industry and are glad to be able to do at this year's conference. See who will be the first to receive this award on Friday, October 14. Mentioned earlier, the "CALSAGA Security Officer Memorial Fund" will be launched at this year's conference, leaving its mark as a new charitable fund sponsored by CALSAGA.

Don't let this great conference pass you by! With so many great speakers, presentations, vendors, and activities—how could you? This will be a conference to remember, so be sure to guarantee your attendance by registering. Fill out the registration form on the following page and either call, fax, or mail it to CALSAGA with payment. We look forward to seeing you at the 2005 Annual Conference in Las Vegas!
