elors Degree in Public Administration with an emphasis in Criminal Justice and a Master's Degree in Educational Management. I possess a combined 31 years of experience in public law enforcement, the private security industry, and the California Fire Service. I am currently employed by Pinkerton Government Services as the National Director of Fire Services and Training. I am also an adjunct faculty member in the Public Safety Department at Rio Hondo College.

I believe my past activities in industry, academia and professional service have given me the broad experience necessary to serve Region 5 and CALSAGA. My goal is to work with membership to build upon what has been accomplished to provide increased high quality outlets for continued professional development through educational tools, opportunities, and expanded services to our valued members.

I am honored by this nomination, and I would be honored to serve.

STATEMENT BY KERRY SLACK, INT'L EXECUTIVE PROTECTION

I am pleased to announce my candidacy for Region-5 director of CALSAGA.

I am a former local, state and Federal law enforcement officer of more than 13 years. For the past 15 years I have pursued my career as an Executive Protection and threat and risk management professional in the private sector.

In 2002 I founded International Executive Protection Services, Inc., of which I currently serve as Chief Executive Officer.

Firstly, everyone is aware that operating a PPO legally requires a significant financial commitment. Recent legislation requiring proprietary uniformed security personnel to undergo the same training and background investigation as contract security personnel is a step in the right direction.

I am interested in pursuing the following issues on behalf of CALSAGA:

- 1) Create a confidential reporting system to investigate/prosecute unlicensed contract security companies & personnel
- 2) Lobby for additional funding to hire additional field investigators for BSIS
- 3) Lobby for legislation re-

quiring non-uniformed security personnel to undergo the same background investigation and training as uniformed personnel.

4) Increase recruitment efforts to build CALSAGA membership

I recently had the pleasure of meeting Mr. Paul Johnson at our Los Angeles chapter ASIS meeting. I found Mr. Johnson to be very approachable, professional and keenly interested in having an open forum and discussion on these issues and other issues.

My wife and I planned to attend the conference in Las Vegas to try to meet with as many members as possible, however we are expecting our second child on October 7. Regrettably, travel during this time is not an option, so please accept my sincere apologies in advance for not attending the conference.

I welcome all input, ideas and hope to be able to speak to, and work closely with as many of you as possible to help take CALSAGA to the next level. If elected, I will work hard to professionally and diligently pursue our agenda and professionally represent members of District-5.

STATEMENT OF DARIN WILLIAMS, SELECT PATROL

My name is Darin Williams, and I am running for the Director's seat in Region 5 that covers Los Angeles, Ventura and Santa Barbara.

My run for office is, in part, in answer to Randy Davis' call for "new blood" to step forward and aspire to leadership roles in our association. To me, CALSAGA is the one organization that truly stands for the private security industry in California. I appreciate what CALSAGA has done on our behalf. For example, our newly formed political action committees, Guard PAC and Security PAC. The only political action committees dedicated to the private security industry in this state. I am grateful that we now have the political tools that we have needed for so long.

Another reason that I seek election to the Board is that like many of you, I am a small business owner. Having started my company, Select Patrol, in 1984, I know what it is to make a living in this business. It was never "Easy Money", and at times I would not have wished these circumstances on my worst enemy. Still, there is something noble in what we do. The profession of protecting lives and assets in our communities is a noble mission.

As Director of Region 5, my mission will be to help protect our future to protect California.

I ask for your support.

STATEMENT BY BRIAN CESCOLINI, UNIVERSAL PROTECTION

I started my career 31 years ago as a security guard in 1974 while attending college at San Diego State University.

In 1981 after serving seven years for another Security company, I helped form Universal Protection Service as an entity of a building maintenance firm and have presided over an extremely successful period of growth and prosperity, building Universal Protection Service to one of the most recognized security organizations in California.

My background encompasses a variety of positions and many experiences while climbing the career ladder and later owning Universal Protection Service. My experience and knowledge makes me a BSIS qualified manager as President and CEO of the company. With 31 years security experience, I oversee all aspects of the corporation with 12 branch offices consisting of over 4000 security professionals and another successful security technology company named Universal Security Systems. Universal Protection Service now is ranked as one of the top largest security firms in the nation and also has offices in Arizona and Colorado.

My efforts have brought me a wealth of experience in serving many of the top clients in the commercial office sector, retail, industrial, and residential communities. I currently sit on the board for CALSAGA, BOMA L/A, an active member of BOMA/ GLA Emergency Preparedness Committee and helped create the highly publicized BOMAS@ Safe and Secure Los Angeles security company accreditation program formed in 2005.

2004 enhancing the training for all security guards statewide. I am also an active member of BOMA (8 chapters), ICSC, CAI, IREM, IFMA, ASIS, NAIOP, and CALSAGA trade associations.

**STATEMENT BY

My education includes AS and BS degree in Business Administration – Double major International Trading & Finance. I have involved nearly ten years in Import-Export, and for the last 5 years I have been an Importer/ Wholesaler of Ammunition and Curio/ Relic Firearms. My goal and my business support hunting and sporting as well as the right to bear arms. I work to reduce crime rate in Orange County and improve the image of security guards by enhancing their quality services. I support small businesses in Orange County and encourage them to have in-house security guards for the peace of mind. I stand with local law enforcement and will make our streets, schools, and workplace safer against terrorism. I have the knowledge and strong will to work on our goal. I hope to earn your vote and make Orange County a better place for all of us to live.

**CANDIDATES FOR
REGION 7 DIRECTOR**

**STATEMENT BY
MICHAEL BERUMEN,
FOUR STAR PATROL**

I am running for the Director position in Region VII because no one else has expressed an interest in doing so, and, in my view, it would be unfortunate if some-

one were not elected to the board to serve the Region's interests. Therefore, with your permission, I am willing to serve for another year. We have generated more interest in CALSAGA on the part of PPOs and training facilities in the Inland Empire, as well as adding several new members, and I would hope that we will continue to do so in 2006. CALSAGA membership offers a great many advantages to both security companies and their employees, not the least of which is a common voice and strength in numbers in dealing with the ever-increasing number of legislative and regulatory issues that can affect us. CALSAGA and its Directors have had a very positive impact in leveling the playing field and in staving off proposed laws that would negatively affect our business. I am pleased to have played a part in this effort during the last year.
